

Our parties are FUN, EDUCATIONAL, SAFE & most of all, provide a DAY TO REMEMBER for your child and their guests.

EVERY party starts... with one of **STREET SCIENCE**'s famous stage shows, including captivating demonstrations, light, sound, fire & a hint of magic! *Then...* it's the kids' turn to get **HANDS-ON** in an hour long workshop of fun experiments.

OUR MOST POPULAR WORKSHOP THEMES

SERIOUS SLIME & SNOW PARTY (age 5+)

Kids get to mix chemicals (safe ones) together to firstly make some ooey-goey SLIME, and then follow up by creating INSTANT SNOW. This amazing polymer expands 100 times its original size to create piles of soft, fluffy fun!

ROCKIN' ROCKETS PARTY (age 7+)

Every kid gets involved in making their own plastic ROCKET in this craft-based activity. Rocket scientists then venture into the yard to LAUNCH their rockets high into the sky – some have been known to reach 10m high!

WACKY WORMS, BALLS & ALL PARTY (age 7+)

Kids mix a seaweed-derived chemicals together to create a range of delightfully disgusting polymer worms, bouncy balls and other oddities. Products of this workshop are limited only by the kids' imaginations!

BATH BOMBS & BEAUTIFUL SCIENCE PARTY (age 7+)

This session explores acid/base chemistry to create beautiful scented bath bombs. Kids learn the science behind that delightful fizz while manipulating chemicals, fragrances and dyes to make treats that can be used at home.

**1-5hrs OF SCIENCE
FUN FOR ONLY
\$350!**

Includes...

- ✓ An EXCITING Science stage show
- PLUS**
- ✓ A HANDS-ON science workshop for all your party guests.

**AND the kids get to
keep whatever they
create**

Standard rate of \$350 is for 15 children. More guests are welcome at \$10/extra child.

Parties in a public park incur a \$25 surcharge.

A range of EXPLOSIVE EXTRAS are available at an additional fee.

Travel or other surcharges may apply.

EXPLOSIVE EXTRAS

Step your party up a notch
with these amazing additions...

STREET SCIENCE PARTY BAGS

Each party guest will receive a Street Science Party Bag crammed with experiments, science toys and some sweet treats. They are fun, educational and a lasting memory of the day!

PREMIUM PARTY BAG
ONLY \$7 EACH

THE ULTIMATE PARTY BAG
ONLY \$12 EACH

GASEOUS GEYSER KITS

Your little scientist will unwrap the ideal combination of carbonated cola, Mentos candy and the tools they need to erupt a gigantic geyser in your yard! Keep the kit and have a blast next weekend too!

ONLY \$50

MODEL ROCKET LAUNCH

Your child unwraps and launches their own model ROCKET with our Street Science host. These rockets blast up to **250m** into the atmosphere before releasing a parachute and sailing back to earth.

ONLY \$100

MY CHILD WOULD LOVE A STREET SCIENCE PARTY, WHAT DO I NEED TO DO?

Please clear a large, flat space for us to set up a sitting area for the show and your kids' workshop lab with access to water and power nearby (if possible). Undercover outdoor areas are ideal and necessary to keep your guests happy in hot or rainy weather.

Other than that, we bring EVERYTHING we need, arrive early and clean up once we're done!

HOW DO I BOOK?

To book a party or talk to **STREET SCIENCE**'s experienced team about a customised event, get in touch via...

E: info@streetscience.com.au

P: 1300 150 481

Or book online via our website at **www.STREETSCIENCE.com.au**

BUT HURRY... Spaces are limited and book out quickly. Morning or afternoon sessions (90 mins entertainment) are available and a \$100 non-refundable deposit is required to secure your booking.

Please note. **STREET SCIENCE** (Liddell Education) take every effort to minimise the risks involved in these activities however kids will be kids. Please supervise your party goers and lend a hand with the little ones. Participants engage in all activities at their own risk. A rocket launch may not be available at all locations due to safety and air traffic requirements.
