

## Coloured Rings

## Materials

- Festive coloured candy/sweets with a coating of colouring (m&ms, smarties, skittles)
- A shallow bowl or deep plate
- Water

# Instructions

1. Place your sweets in a pattern around the edge of your bowl and gently pour in enough water to just touch the top of the candy.
2. Keep the container still as you watch what happens to the colouring on your sweets!
3. Experiment with different lollies to see which colours dissolve best!
